"Dress as a scientist" Wednesday 26th February

Dear Parents and carers,

Next term, we will be celebrating "all things science" during the first week back, in line with science week. The book focus for our learning will be "Protecting the Planet: Emperor of the Ice" by Nicola Davies.

Each class will be investigating the theme: change and adapt. Children will be exploring how the world is changing, focussing on penguins and Antarctica.

On **Wednesday 26th February** we are inviting the children to come to school dressed as a scientist. This is optional, so your child **does not** have to if they do not wish.

They can choose a famous scientist from the past or present or any occupation that uses science. We have been learning at school that science is in the world all around us. So, there are lots of different jobs that use science.

They could come dressed as a stereotypical scientist wearing a grown-up white shirt for a lab coat, a doctor or nurse, a weather presenter, a chef or even a zookeeper!

We look forward to seeing a school full of scientists!

Emily Smith
Science subject lead
