Headteacher: Mrs Alison Pass

Dear Parent/Carer,

Our eco-schools committee would like to learn about and help the marine environment and as part of eco council action plan, we would like to think about the impact of litter and how it affects this particular environment. Therefore, we are inviting pupils and their parents/carers to meet and take part in a voluntary litter pick along the Wootton Bassett canal on **Sunday 17th March** at **10am**.

Litter picking equipment, children's gardening gloves and Wootton Bassett Infant's School high visibility vests will be provided but, if you have your own, please do bring them along.

Staff will talk to the children beforehand about safety, but your child will remain your responsibility so please ensure they are supervised at all times. Siblings and other family members are welcome to join us but to ensure children's safety we would recommend that no more than two children to every responsible adult.

If you would like to join us then please do come along on the day, you don't need to let us know as we know family plans can change. Meet at the **Wootton Bassett Canal car park, Marlborough Road, SN4 7SE at 10am** and please wear weather appropriate clothes.

We continue to be proud of our Eco-Schools Green Flag accreditation and feel that this is an important community event that will encourage our young children to think about the local environment and for them to take pride in both the local and wider communities.

Mrs Smith, Eco-Coordinator
