Headteacher: Mrs Alison Pass

07th September 2026

Good afternoon,

We understand there are a couple of queries regarding the change to the length of the school day. Therefore, please find some clarification below.

You will remember we held a consultation last year when the decision was made to change the length of our school day to meet the DfE requirements. We are required to open the school for 32.5 hours a week and the 9.00- 3.30 opening time fulfils this requirement.

Our school day looks like this:

- School opens at 9am - children will go straight to their classrooms as in the previous year.
- Session 1 registration closes at 9.10
- Lunch 12-1
- Session 2 registration closes at 1.10
- Gates open at 3.20
- School closes at 3.30

We are trialling the new end of day arrangements and are constantly working on refining the process.

Please do not hesitate to contact the office or speak to a member of the team if you have any further questions.

Thank you for your continued support in this matter.

Yours Sincerely

Alison Pass
Headteacher
