April 2026

Dear Parent/Carers

Welcome back to school. We hope you had a brilliant Easter.

This term, our new topic will be *Glorious Gardens*, and we are very much looking forward to an exciting Summer term!

Throughout the topic, the children will explore a range of different gardens, including our own school environment and gardens in the local area. They will have opportunities to observe, investigate and talk about what makes gardens special and how they are used.

To spark the children's curiosity and imagination, they will take part in a **treasure hunt** at the start of the topic to help them uncover the story that will be our focus text. Towards the end of the topic, we will compare the **physical and human geography** of where we live with that of **India**, helping the children to notice similarities and differences between two contrasting locations.

If you would like to support learning at home, talking about gardens you visit, plants you grow, or places you have been.

Thank you for your continued support. Please do not hesitate to speak to us if you have any questions.

Please note, PE lessons will take place on a Tuesday and Wednesday.

Kind regards,

The KS1 Team
