NSPCC Online Safety Webinars

Dear Parents/Carers,

The online world is an amazing place where children play, learn, create, and connect. But every day this world is growing and changing, which can make it feel overwhelming.

As a school, we took part in Safer Internet Day on the 6th of February. We have also partnered with the NSPCC who will be providing free, online safety webinars for all parents and carers in February and March.

- Monday 26th **February** 5-6pm
- Tuesday 26th **March** 6-7pm

The sessions will be approximately 1 hour long and will provide you with insights about how young children may be using the internet, the associated risks and how to manage these as parents.

Each session will:

- help you understand how children experience the online world.
- show you resources and tools that could help keep them safe.
- empower you to guide them on their journey.

We would love you to attend. If you'd like to join the webinar, please register your interest by completing the following form <https://forms.office.com/e/Rc2X3cGVmq> and indicate which session/s you'd like to attend. The sessions will take place via Zoom and the links to these will be sent a day or two beforehand.

Many thanks,

Miss Pearce
