Reception

We made leaf crowns and wrote letters outside for phonics using chalks on different textured surfaces. In the afternoon we worked in groups to complete a colour scavenger hunt

and also made animal collages.

Year 1

We started our day by sharing the story of leaf man and then made our own leaf people. We used natural materials outside to make numerals and then in the afternoon we worked in groups to make large scale art.

Year 2

We started the day by talking about what we like to do when we are outside, followed by making clay creatures and describing them. After a yummy hot chocolate for snack we compared numbers outside.

Finally, in the afternoon we made sticky leaf bracelets and recreated some Andy Goldsworthy art.

Last term each class also spent their outdoor learning afternoon learning about the story of Stick man. The session included completing a stick obstacle course, making their very own stick man and then working with a friend to build a shelter for stick man.
