The Parents' Guide to Google Classroom

What is Google Classroom?

Think of Google Classroom (GC) as your child's digital link to learning.

Teachers can use GC to share tasks (assignments), homework, messages and much more with pupils.

Getting Started

Your child was provided with a secure login and password that is unique to them.

Check with the class teacher to obtain this private information, if not received.
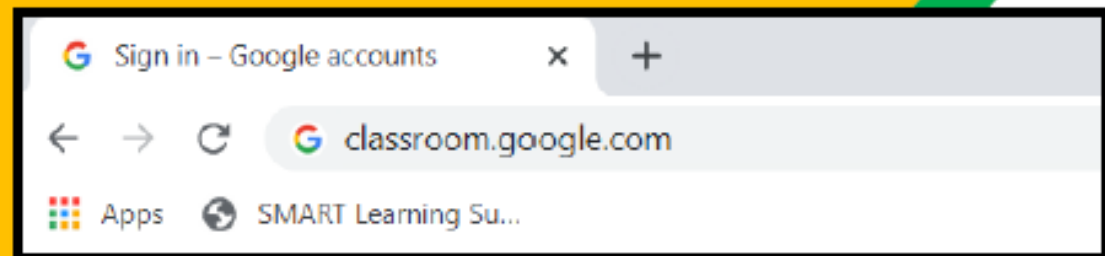

Getting Started

1 Click on the **Google Chrome** browser icon.

Tip: Google Classroom does work in other browsers, but Chrome is the preferred option.

Getting Started

Sign in – Google accounts   ✕   +

← → C   G classroom.google.com
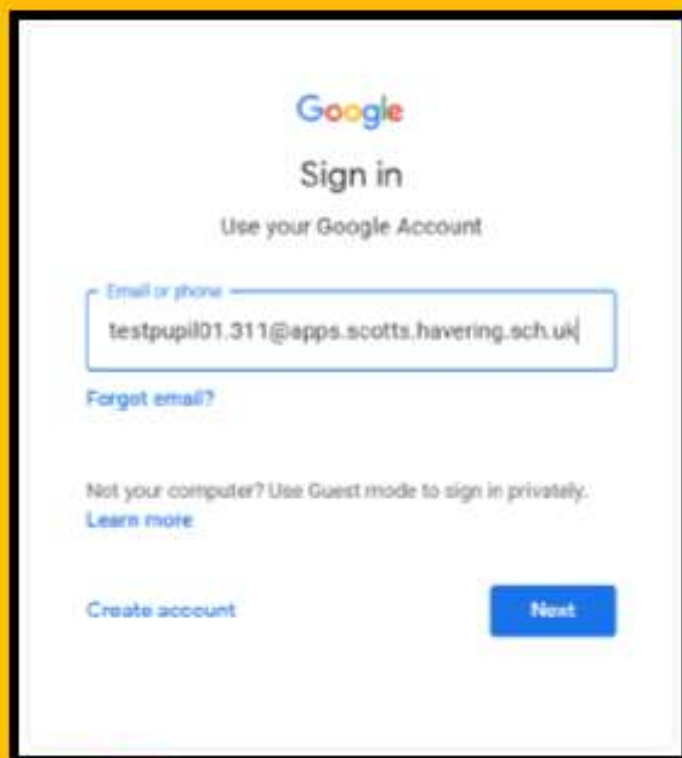

Apps   🌐 SMART Learning Su...

2 Type classroom.google.com into your web address bar.

**Tip:** You can also find a direct link for each teacher's Google Classroom on the webpage for the class.

Navigating Classroom

The classwork tab

If working in Google Chrome, the task will open as a document which can be edited. **Tip**: Google files automatically save content, so there is no need to save!

(Tablet devices may need additional Google Suite apps, such as Google Docs or Slides to be installed.)

TURN IN   ≗ Share

✎ Editing
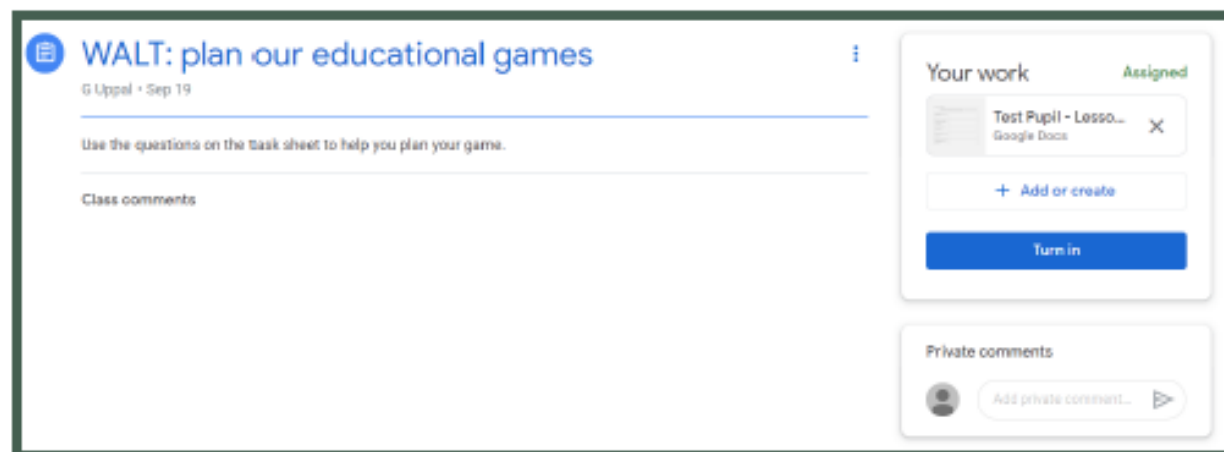

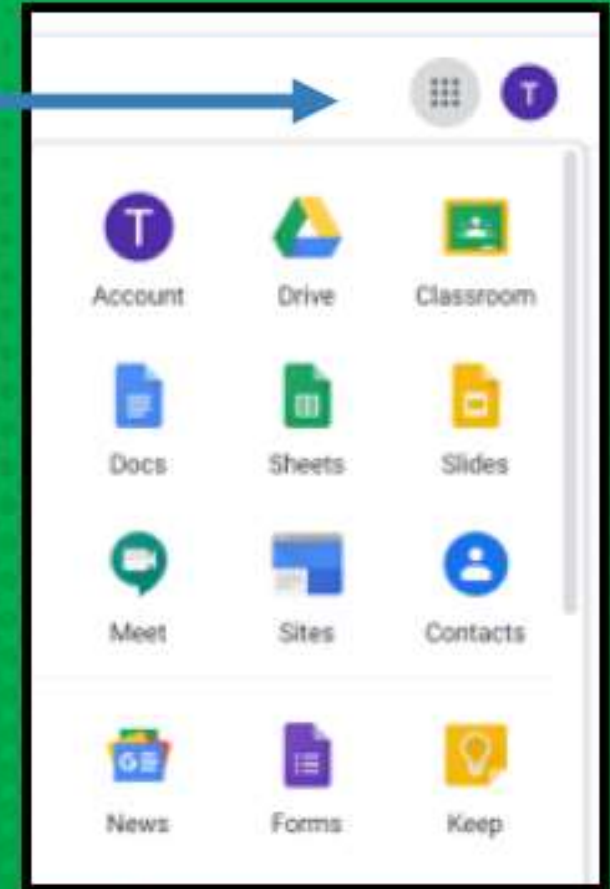

When complete, tasks can be 'turned in' and a comment can be shared with the teacher.

If tasks have been completed on paper or in other programs, these files or photographs can be attached using the 'add or create' button.
