

Key Instant Recall Facts

Year One - Autumn 1

I can recite the number names in order to 50 and beyond.

By the end of this half term, children should be able to count to 50 confidently, easily and quickly.

Perhaps start off using part of a 100 square (see below) and as confidence grows try without any aides.

Also try starting at different numbers and asking your child to continue counting on from e.g. 15.

1	2	3	4	5	6	7	8	9	10
11	12	13	14	15	16	17	18	19	20
21	22	23	24	25	26	27	28	29	30
31	32	33	34	35	36	37	38	39	40
41	42	43	44	45	46	47	48	49	50

Once they are confident to 50 try beyond 50.

Top Tips

The secret to success is practising **little and often**. Use time wisely. Can you practise these KIRFs while walking to school or during a car journey?

Make it fun by using interactive resources such as Splat 100 square

<https://www.primarygames.co.uk/pg2/splat/splatsq100.html>

Year One - Autumn 2

I can add 0 or 1 to a number.

I can add 2 to a number.

By the end of this half term, children should know the following facts. The aim is for them to recall these facts instantly.

$0 + 0 = 0$ $1 + 0 = 1$ $2 + 0 = 2$ $3 + 0 = 3$ $4 + 0 = 4$ $5 + 0 = 5$ $6 + 0 = 6$ $7 + 0 = 7$ $8 + 0 = 8$ $9 + 0 = 9$ $10 + 0 = 10$ When you add zero to a number, the number stays the same.	$0 + 1 = 1$ $1 + 1 = 2$ $2 + 1 = 3$ $3 + 1 = 4$ $4 + 1 = 5$ $5 + 1 = 6$ $6 + 1 = 7$ $7 + 1 = 8$ $8 + 1 = 9$ $9 + 1 = 10$ $10 + 1 = 11$ When you add one to a number, the number increases by one.	$0 + 2 = 2$ $1 + 2 = 3$ $2 + 2 = 4$ $3 + 2 = 5$ $4 + 2 = 6$ $5 + 2 = 7$ $6 + 2 = 8$ $7 + 2 = 9$ $8 + 2 = 10$ $9 + 2 = 11$ $10 + 2 = 12$ When you add two to a number, the number increases by two.	They should also know the commutative calculations: $2 + 4 = 6$ $2 + 9 = 11$ $2 + 3 = 5$ $1 + 6 = 7$ $1 + 9 = 10$
<p><u>Key vocabulary</u> 8 add 2 equals 10 3 plus 2 is the same as 5 If I have 6, then I get 2 more, how many in total now?</p>			

Top Tips

The secret to success is practising **little** and **often**. Use time wisely. Can you practise these KIRFs while walking to school or during a car journey? You don't need to practise them all at once: perhaps you could have a fact of the day.

Play games such as <https://www.topmarks.co.uk/maths-games/mental-maths-train> to make it more fun!
