

Key Instant Recall Facts

Year Two - Summer 1 and 2

I can count in 3s to 36.

I know the multiplication facts for the 3 times tables.

By the end of this half term, children should know the following facts. The aim is for them to recall these facts instantly.

<u>Count in 3s</u>	<u>Multiplication Facts</u>	<u>Key vocabulary</u>
0		
3	$0 \times 3 = 0$	What is 3 times 3?
6	$1 \times 3 = 3$	
9	$2 \times 3 = 6$	What is 8 multiplied by 3?
12	$3 \times 3 = 9$	
15	$4 \times 3 = 12$	
18	$5 \times 3 = 15$	
21	$6 \times 3 = 18$	
24	$7 \times 3 = 21$	
27	$8 \times 3 = 24$	
30	$9 \times 3 = 27$	
33	$10 \times 3 = 30$	
36		

They should be able to answer these questions in any order, including missing number questions, e.g. $10 \times \bigcirc = 30$ or $\bigcirc \times 3 = 12$.

Top Tips

The secret to success is practising **little** and **often**. Use time wisely. Can you practise these KIRFs while walking to school or during a car journey? You don't need to practise them all at once: perhaps you could have a fact of the day.

Songs and Chants – You can buy Times Tables CDs or find multiplication songs and chants online. If your child creates their own song, this can make the times tables even more memorable.
